## Terms of References Financial Review / Audit

(adapted from Terms of References Financial Review FDFA, 2010<sup>1</sup>)

### 1. Fundamental principles

---

- 1.1 The financial review of projects (“financial review”) is to be carried out by an independent auditor (“the auditor”), having the required professional competence and experience, and in accordance with audit standard ISA 805 (this standard will apply until further guidance will be issued by the Professional Body CAFR).
- 1.2 These Terms of Reference (“TOR”) define the mandate of the auditor in connection with the financial review of projects/programs of cooperation/implementing partner (“the partner”), financed by the Swiss Intermediate Body (SIB), mandated by the Swiss Agency for Development and Cooperation (SDC). The financial review is based on the professional requirements and guidelines governing the professional work to be undertaken by an auditor in relation to assurance engagements.
- 1.3 In planning, conducting and reporting on the financial review, the auditor shall be given due considerations to the following auditing and other standards promulgated by international professional bodies:
  - ISA - International Standards on Auditing,
  - IFAC – International Federation of Accountants

In addition, the relevant standards of the local audit profession as well as the local legislation on accounting and reporting in force in the country in which the financial review is carried out need to be taken into consideration by the auditor.

### 2. Overall principles of the financial review

---

The auditor is required to plan, execute and report on the financial review engagement in order to form a professional judgment on the following matters relating to the activities and the organisation of the EA:

- 2.1 Principles of orderliness (financial regularity);
- 2.2 Existence, adequacy and effectiveness of the Internal Control System (ICS);
- 2.3 Conformity with the project objectives and adherence to the contract conditions;
- 2.4 Economical conduct of business and effective use of financial resources.

### 3. Documents of reference

---

The following documents and matters are to be considered by the auditor as basic references for performing the financial review:

<b>Legislation:</b>	National legislation
<b>Project/program:</b>	Activity Agreement and its Annexes; Guidelines for Applicants Any other documents concerning the project.
<b>Accounting:</b>	Accounting documents subject to the financial review; Financial and operational reports concerning the project.
<b>Auditor:</b>	The present Terms of reference and the related contract; Prior internal and external audit reports of the EA; Any other information requested by the auditor.

### 4. Planning the financial review

---

The auditor shall adequately plan the financial review engagement well in advance of the work and ensure the execution of the financial review of highest professional quality in an economical and efficient manner and within the agreed timetable.

On the basis of the information received during the planning phase, including his review risk assessment, the auditor shall determine:

- the type of transactions to be reviewed and the review method (full or random sample);
- the type of physical verifications and the sites to be selected;
- the number of site visits to be planned.

The auditor undertakes to ensure continuity in the review approach of the financial review engagement and the review team, even if there is a change in the leader of the review team from the prior year.

In case the auditor is changed, the new/current auditor should pay a professional care in order to assure himself/herself the work performed by the previous auditor. The new/current auditor must elaborate a clear opinion regarding the entire audited period (including the previous period audited by the other auditor).

### 5. Place of financial review

---

The financial review is to be carried out only within the project environment (administrative offices and/or decentralised sites, if applicable).

## 6. Management representation of full disclosure

---

The auditor shall obtain a management representation letter signed by the management of the reviewed organization, certifying:

- a) the acknowledgement of the organization's responsibility for the keeping of accounts and financial documents that are correct, complete, fair, representing the true facts, in conformity with the objectives of the project, the documents of reference (description of the project, contracts, budgets, etc.) and national legislation;
- b) that all accounting records, supporting and other documents, minutes and any other pertinent information necessary for the review be at the disposal of the auditor;
- c) the completeness of information concerning property and goods;
- d) the completeness of information concerning financing received or due and own financing concerning the reviewed period, for the project being examined;
- e) the availability of any information and explanations, either orally or by written confirmation, which might be required by the auditor in the execution of his mandate;
- f) in the case of contributions to local NGOs, the declaration has to certify the completeness of information concerning financing received or due and own financing concerning the reviewed period, for the project being reviewed **and** for the examination of the consolidated financial statements of the organization. The consolidated financial statements, including balance sheets and profit and loss statements of the project are to be annexed to the declaration and form an integral part thereof. This declaration shall be included in the financial review report.

In case of partnerships, a management representation letter will be submitted by all Romanian organizations involved.

## 7. Detailed financial review procedures

---

Appropriate review procedures are to be applied by the auditor in order to form a professional judgement on the matters outlined below.

These procedures applied, either on a full scope or random basis, may include: controls, checking, evaluation, inspection, interview, analysis and other review techniques. When selecting the review procedures, the auditor shall give consideration to the results of his review risk assessment (during planning stage and during the course of the review work).

Accordingly, he must define and carry out suitable review tasks in order to obtain an overview of the aforementioned aspects before he assesses the individual findings and reaches a final independent opinion on the review.

The auditor is expected to select and apply any other review procedures that he may consider necessary in the professional execution of the financial review engagement.

Upon receipt of the financial review report, the SIB or any third persons designated by the SIB reserve the right to request other review procedures to cope with the change in circumstances in the project or of the organisation of the partner.

The auditor is expected to meet the requirements of ISA and to preserve any audit track in order to facilitate and independently review his/her audit files.

Examples of possible review procedures are:
